Congratulations! You've been gifted Bob Dancer's *Video Poker for Winners* software. Ask your gift-giver to forward the email link we sent them, and the program will be yours to download immediately.

*Video Poker For Winners* is the most powerful video poker tutorial software on the market, from the acknowledged world expert. Not only will it improve your video poker play and results, it's also fun to play (this is the only tutoring program with graphics and interface that are the same as the real thing in the casino).

We hope you enjoy your gift!

Best wishes

The Las Vegas Advisor Team
